group

## ‘Autumn Tingles’

A group of lonely hearts meet at a speed dating event for seniors. What comes next is a TV experiment par excellence – including 13 well-known actors (7 female/ 6 male), 19 cameras and no script. Knowing only their character’s biography, the cast members – an ensemble of Germany’s best known actors – had to improvise their dialogue, their reactions and their attitude towards their counterpart. The resulting scenes largely depended on chemistry. And as in life (and speed dating), there is no second chance for a first impression – each scene was only shot once. A smash hit with critiques and the audience, as well as easily adaptable to every slot and budget, ‘Autumn Tingles’ is now available as a format for local production.

- Target group: 14+
- Produced by Riva Filmproduktion in co-production with WDR and NDR for ARD
- Shot in only two days
- Scored a market share of 16.1% (all audiences 3+)
